

```
1 Evaluation Lab 1 - HDFS
2 -----
3 You people already implemented a lab "Lab: Using HDFS Commands".
4 All the activities you did in the lab you are now going to automate it,
5 by keeping in mind following points
6 1) Try to avoid the hardcoding
7 2) Test the availability of a directory or file on HDFS.
8     - Delete a file or directory only if it exists
9
```
